

100 CHURCH TREASURES

QUARTERLY UPDATE - JULY 2014

Carpet and reredos designed by William Morris in 1907, at St Andrew's Roker.

Our £3 million appeal to protect 100 artworks identified as most in need of conservation continues. For further details of the campaign visit www.churchcare.co.uk/about-us/campaigns/our-campaigns/100-church-treasures

OUR ACHIEVEMENTS SO FAR:

- £270,000 raised through donations and pledges.
- 16 projects underway.

LATEST DONATIONS:

We are delighted that the **Andrew Lloyd Webber Foundation** has generously awarded £26,000 towards the conservation of carpets designed by William Morris in 1907 for **St Andrew, Roker**, Monkwearmouth in County Durham, the 'Arts and Crafts Cathedral of the North East', designed by Edward Shroeder Prior. These were made at Merton Abbey. The carpet extends from the chancel to the reredos and has been damaged through use.

It requires extensive cleaning, reknitting of holes and old repairs, as well as additional support. The work is due to be undertaken by Janie Lightfoot ACR of Janie Lightfoot Textiles LLP, and will commence as soon as a Faculty is granted.

The Mercers' Company meanwhile has awarded £25,000 towards the conservation of two altar frontals at both **St Mary's, Nettleton** in Wiltshire and **St Laurence's, Ludlow** in Shropshire. They are additionally supporting a project to conserve wall paintings at the east and west ends of **St Mary's, Tottenham** in London. We have commissioned surveys to inform the next stages.

With grateful thanks to **The Headley Trust**, a grant of £60,000 will support work to conserve the wall paintings in two historic churches. The walls of **St Mary, Aldermaston** in Berkshire are scattered with medieval paintings depicting amongst them the images of St Christopher, The Annunciation and St Thomas of Beckett. The second church to benefit from the award is the 15th century church **St Breaca in Breage**, Cornwall. The church has fabulous wall paintings which depict the figures of St Christopher, St Hilary, St Corentine and St Ambrose. We can now commission surveys to inform the next stages.

Finally, **The Leche Trust** has kindly awarded us a grant of £4,000.

PROGRESS:

In the April bulletin we reported that **The Steel Charitable Trust** had awarded £15,000 towards the conservation of rare, late medieval stone figures of **St Peter and St Paul at St Paul's in Bedford**. The figures once adorned the exterior of the south porch but have more recently been stored inside the church and not on

The latest edition of *Historic Churches – The Conservation and Repair of Ecclesiastical Buildings* features an article on the *Altar of Sacrifice* at **Tostock Parish Church in Suffolk** by Dr Pedro Gaspar and Catherine Townsend, officers of the Church Buildings Council. The Grade I listed 14th century church includes a war memorial painting by the artist Marion de Saumarez painted in 1918. It is in need of repair following paint loss and mould and is also sensitive to the threat of bats in the church.

WHAT'S NEXT?

The progress has continued but there is still a great deal to do. We are working on an application to submit to the **Heritage Lottery Fund** before the next bulletin which seeks funding for the remaining treasures as well as wider interpretation, understanding and engagement with the objects.
